STREAMLINED PROCESS

How We Will Work Together

An agile 4-stage workflow giving you full visibility from kickoff to launch without wasted time:

01**Discovery**

20-minute meeting (in person in Mallorca or via call) to align on requirements and structure.

02**Design**

Interactive visual prototype tailored to your brand identity and focused on client acquisition.

03**Build**

Coding in React / JavaScript, speed optimization, local SEO, and WhatsApp direct links.

04**Delivery**

Domain deployment, mobile verification, and 30 days of comprehensive technical warranty.

 Quality Commitment & Direct Communication

You work directly with me from start to finish. No salesmen or middlemen. Every delivery includes a written service agreement with confidentiality clauses, 100% intellectual property transfer to your name, and free bug-fixing warranty for the first 30 days.

Let's discuss your project
